I can add them before Greg, but they will need to concur  
or  
I can add their email on status the notification, they will get a notification, but no details.

Sending them an email is the best option.

Thanks, Omar. I have one more request for you. Is there any way that Sharepoint can email Shea Love and Karen McIntosh (the RA's admin assistants) after Darcy approves the letter so that they can help alert Greg that it is ready for his signature? They don't need to concur – I'm just hoping they can help let him know it's ready. Otherwise I can send Greg and them an email once Darcy has concurred.

Thanks!

I don't think I've gotten a request to concur electronically through the system, but I just reviewed and concur.
